The Rest of the Goddess

120min. 55,000JPY

Special skin care treatment focusing both on face and body uses top-quality Sothys cosmetics and exclusive massage technique for fundamental skin improvement. The best total skin care from your head to toes!

SOTHYS Athletics™ Nutri-relaxing modeling

75min. 33,300JPY

A stretching, deep tissue massage, specially designed for absolute comfort and relaxation. The treatment combines deep smoothing and pressure, with drumming motions along areas of tension. Helps to relieve strain (due to exercise, stress, bad posture), stimulate and tone the skin. Ideal before or after exercise, after a long trip or before an important day.

Customized Sensorial Escape

75min. 31,900JPY / 90min. 35,000JPY

A customized and unique body ritual with delicate aromas to provide total relaxation and a complete sensorial experience. The ritual begins with an invigorating sugar and salt body exfoliation for velvety smooth skin. Followed by the journey with a relaxing massage based on your choice of a cream, wax, shea-butter or oil. Fragrant oil will be selected by each guest to enhance the massage experience.

Acupuncture program

30min. 9,500JPY / 60min. 18,900JPY

A short acupuncture session from the option menu is designed for those who want an immediate effect after one-time treatment. Recommended for those who are new to acupuncture and is not sure where to start. Before the treatment, the acupuncturist in charge will check your physical condition and create a 60 minutes acupuncture program which will suit you the best. This treatment is especially recommended for those who have multiple problems such as shoulder stiffness or disorder of autonomic nerves. Please feel free to consult with our therapist.

Immunity program

60 min 25,000JPY

This special moxibustion does not emit smoke can strengthen the immune system and improve its functioning and bring the body into balance and promote positive energy flow throughout the body. In addition, this treatment improves gastrointestinal function, warms the body, raises the metabolic level and generally improve your health. Immune Program is also effective for people with a chronic headache, eye strain or stiff neck and shoulders.
